YODA's Khar Rehabilitation Centre

YODA's R³ (Rescue, Rehab, Release or Rehome) Program

Over 100 animals are abandoned or injured on the streets of Mumbai Navi Mumbai & Thane each month. Most of these animals get left as t they are without notice or treatment for days until the injury becomes detrimental or even fatal.

YODA was initiated in 2010 to work towards solving this problem. The organization started by conducting awareness programs in schools, slums, residential societies and various communities to educate individuals about what to do when they see a stray animal in distress.

In 2016, we set up our shelter in Khar West, Mumbai to efficiently attend to such animals in distress and give them prompt treatment and rehabilitation via best in class medical and behavioral rehabilitation services. This is where we defined and implemented our **R³ Program**.

YODA's Khar Rehabilitation Centre

With the **R³ program**, we ensure each animal is efficiently rehabilitated & released or rehomed within a span of 25 days.

YODA has an ambulance that runs 7 days a week to attend to animals who require on or off-site treatment. The ambulance driver is accompanied by professional animal catcher and trainee vet.

The Khar shelter can accommodate **60-80 animals to stay overnight** and attends to **over 500 stray animals a month** for free of charge OPD.

YODA works across Mumbai city, Navi Mumbai, and Thane

Each animal is provided with best medical care and is evaluated post treatment to decide if he/she is to be released or rehomed given the circumstances.

YODA's Khar Rehabilitation Centre

YODA's R² Program (Rear & Rehome)

Over 150 infant puppies & kittens are orphaned each month across Maharashtra each month.

YODA trains families to rear infant animals until they are fit for rehoming.

We have a network of 50+ foster families who have been trained and are available to us for the rearing program.

YODA has a strict & efficient adoption process (interview, interaction, inspection) which ensures each infant is adopted by a suitable family who can look after all their needs perfectly.

YODA gets **over 100 animals successfully adopted** each month.

YODA's Khar Rehabilitation Centre

YODA's OPD Program

YODA is open 6 days a week for free of cost OPD for homeless animals.

We have 2 senior vets along with 5 rotating trainee vets through the week

We treat over 500 animals each month

This is inclusive of consultation, medication & surgery

YODA's Khar Rehabilitation Centre

YODA's ABC Program

There are over 1 Lakh stray dogs across Mumbai and they are only multiplying.

20,000 individuals die each year in India due to Rabies from stray dog bites.

In order to help the city reduce the number of stray and rabid animals, YODA vaccinates and sterilizes over 100 dogs & cats each month with the best medical laparoscopic technology which is quick, minimal pain, and safe for male and female dogs & cats.

YODA's Khar Rehabilitation Centre

Located in the heart of the City - a shelter that can accommodate 60 -80 animals (predominantly dogs & cats)

3 Vets trained by the best Vet in the City Dr Umesh Karkare

We have 10 dedicated Centre staffs to ensure proper care 24/7

All our staff are trained for emergencies.

The shelter has air-conditioned enclosures with scientifically designed kennels to ensure hygiene and space.

2 fully equipped ambulances for emergency and transport.

YODA - Youth Organisation in Defence of Animals
27 January 2019 · 🌐

Yes guys u guessed right!!

The amazing, large hearted animal lover, John Abraham came over and spent a few hours at the shelter with the furry babies!

They were thrilled with the treats he got them!!

He's an inspiration and hopes to inspire more of you to encourage the welfare of these lovely animals that co exist with us in the country!

Lots of love and blessings to John 😊

Preity Zinta's day out at an animal shelter

In the note, the actress described the atmosphere at the shelter and the ways the cats and dogs are treated. Other than this, she mentioned a retired police dog waiting to be adopted at the shelter. "So nice to visit YODA - An awesome Shelter for dogs and cats, where strays and other dogs n cats are cared for, neutered, and treated for diseases and ailments. One of these dogs is a retired police dog waiting to be adopted at @yodamumbai So if you want some pawsome love don't hesitate," she captioned the heartwarming pictures.
